MOS 3420G Marketing Research  
Course Outline: Section – 001 / Winter 2018

1. Course Information:
   1.1 Class Location and Time:
      UCC 66
      Wednesdays 1:30pm – 4:30pm

   1.2 Contact Information:
      Instructor: Dr. Bonnie Simpson, PhD
      Office: SSC 4311
      Office Hours: Wed 5pm–6pm, Thurs 2pm–3pm /appointment/FaceTime/phone
      Phone: 661-2111 x84927
      Email: bonnie.simpson@uwo.ca

   DAN Department of Management and Organizational Studies strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities. Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2147 for any specific question regarding an accommodation. More information about “Accessibility at Western” is available at: http://accessibility.uwo.ca

2. Calendar Description
   2.1 Course Description:
      This course integrates the various research tools used within the social sciences and applies them to practical marketing research settings. The focus is on how to develop research designs, instruments, and methodologies to answer specific applied research questions and theories.

      3 lecture hours per week, 0.5 course

   Antirequisite(s): Business Administration 4481Q/R/S/T, the former MOS 4420F/G.

   Prerequisite(s): Enrolment in the 3rd or 4th year of the BMOS program* Priority to years 3 & 4 students registered in any consumer behavior module on main campus.

2.2 Senate Regulations
   Senate Regulations state, “unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.”
This regulation is in regards to the COURSES required. Students not in BMOS are permitted to enroll in up to 1.0 MOS courses, per the Academic Timetable.

3. Textbook

E-Text - ISBN: 978-1-118-82336-1

4. Course Objectives and Format

4.1 Course objectives
This course integrates the various research tools used within the social sciences and applies them to real-life marketing research settings. The course considers the role of marketing research in society and its relevance to firms and individuals, providing a strong basis for understanding how research is developed and informs evidence-based management and decision-making. The focus will be on how to develop research designs, instruments, and methodologies to answer specific applied research questions and theories. Marketing research is an applied management discipline that is crucial to understanding markets and customers in order to make better marketing decisions, or, in other words, to support evidence-based management.

4.2 Course format
The basic pedagogy in the course takes several forms. The lectures and the readings are the basis of knowledge acquisition. The lectures, class discussions, classroom activities, reading assignments, and video presentations will provide the opportunity to learn the concepts and theories of various marketing research topics, and to apply this knowledge in a systematic manner. Much of the class sessions will be devoted to applying, extending and critiquing the material in the assigned readings. Students are expected to contribute to class sessions. During the term, students are encouraged to share marketing research examples that you might come across, either directly or via the media, with the class.

5. Learning Outcomes

5.1 Learning outcomes:
Taking this course, students will gain the following experiences and skillsets:

1. Synthesizing social science research approaches, and developing knowledge and awareness of available research methods and tools/designs for discovering insights into marketing phenomenon and for collecting, compiling, and analyzing marketing data.
2. Identifying appropriate statistical tests to apply to marketing research questions, conduct, analyze and interpret research data, as well as infer conclusions and apply the findings to reconstruct marketing theories and strategies.
3. Generate and design a marketing study to investigate and solve a novel and managerially relevant research question. Students will gain experience formulating a research question, constructing a theoretical framework from an identification and interpretation of relevant literature, and generate hypotheses. They will apply their learned knowledge in justifying appropriate research design, data collection, and statistical techniques, identify the limitations of the proposed research, and conclude managerial and theoretical implications of the research.
4. Refine essay-writing skills by formulating and composing a research proposal; practice communication and critical thinking skills, as well as manage peer learning by debating, investigating, explaining, and demonstrating scientific methods and statistics.
6. Evaluation

There are four evaluation components in the course. Students are REQUIRED TO COMPLETE ALL COMPONENTS of this course. There are no exceptions to this. Extra assignments to improve grades will NOT be allowed. It is important to monitor your performance in the course: YOU are responsible for your grades.

6.1 Application Tasks

Due Date: Ongoing

Throughout the term there will be a variety of in-class application activities. These application tasks will be graded on the basis of your ability (knowledge) to apply concepts from class, with your top 5 tasks counting towards the grade. This will require being physically present in class, prepared for discussion by completing the required readings for each class, and demonstrating your understanding of the key issues involved. These will be small activities either assigned or completed in class that you will hand in individually, in pairs, or as a group (e.g., bring an example to class, research and apply concepts, etc.). As assigned, details will be provided in class only, and will not be posted to OWL. Think of these as participation assignments, you need to be present, engaged, and demonstrate application of concepts to succeed at this component.

6.2 Midterm Exam

Date: Wednesday February 28, 2018

The midterm will be during class time (2 hours), and is a closed book examination. It is a combination of short answer, multiple choice, and true/false in format. Questions can pertain to any of the material covered during the course, including those topics contained in video presentations, class discussions/activities, and ALL assigned readings. Dictionaries are NOT allowed, and only non-programmable calculators will be allowed into the exam. Exams will not be returned to students but may be reviewed in the instructor’s office.

6.3 Marketing Research Proposal

Due Date: Introduction – January 31, 2018
Progress Report – March 14, 2018
Final Report – April 4, 2018

Working as a member of a group (3-4 students), students will conceive of and design a marketing research proposal. This is expected to be detailed proposal for carrying out a quantitative empirical study (in other words, SURVEY OR EXPERIMENTAL RESEARCH DESIGN). The task is to first identify a novel and relevant marketing problem (i.e., one that holds both practical/managerial and
theoretical/academic significance) that would require a quantitative and primary data research effort. Components of the proposal include articulation of a research question, theoretical background and hypotheses development, as well as formulation of a methodology for which to execute the study, and finally, a discussion concerning the implications and boundaries (i.e., limitations and future directions) of the research. See project guidelines on OWL for further details and example papers for guidance).

Note that with this project there are a few steps that must be accomplished at regular intervals during the course of the semester. In other words, there are various ‘due-dates’ for various components of the project. This is so that you can receive feedback during the process. See project guidelines on OWL for further details.

The final written research proposal should represent a professional effort in content, structure, and presentation. The main body must be between 3000-3500 words (pages numbered, double-spaced, Times New Roman size-12 font, 1-inch margins, word count indicated on the title page). On the due date (April 4), all groups must upload an electronic copy to OWL to be run through Turn-it-In. There are no exceptions to these requirements, and no late submissions will be accepted without documentation from Social Science Academic Counselling.

In addition, students are required to evaluate group members’ contributions, including their own, to the research proposal project. Thus, in calculating research proposal grades your peers’ evaluations will also be considered and your grade may be adjusted if the evaluations in the group indicate an uneven distribution of quality of contribution and effort. Peer evaluation sheets will be distributed and submitted via OWL and are due by last class, April 4. The information provided will remain confidential.

6.4 Final Exam
Date: TBA – during final exam period April 14-30, 2018

The 2 hour final exam is a combination of short answer, multiple choice, true/false, and calculations in format and is a closed book examination. Dictionaries are NOT allowed, and only non-programmable calculators will be allowed into the exam.

The exam is non-cumulative. Questions can pertain to any of the material covered during weeks 9-13 of the course, including those topics contained in video presentations, class discussions/activities, and ALL assigned readings.

Students are REQUIRED TO COMPLETE ALL COMPONENTS of this course. There are no exceptions to this. Extra assignments to improve grades will NOT be allowed.

Exams will be scored using the program Scan Exam which examines the answer sheets for unusual coincidences in the pattern of answers given which may be indicative and used as supporting evidence of cheating.

Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: You are responsible for your grades in this course.
7. Lecture and Examination Schedule

8. University Policy Regarding Illness

8.1 Illness

The University recognizes that a student’s ability to meet his/her academic responsibilities may, on occasion, be impaired by medical illness. Illness may be acute (short term), or it may be chronic (long term), or chronic with acute episodes. The University further recognizes that medical situations are deeply personal and respects the need for privacy and confidentiality in these matters. However, in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation supplied (see below for process) indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities.

Documentation shall be submitted, as soon as possible, to the appropriate Dean’s office (the Office of the Dean of the student’s Faculty of registration/home Faculty) together with a request for relief specifying the nature of the accommodation being requested. These documents will be retained in the student’s file, and will be held in confidence in accordance with the University’s Official Student Record Information Privacy Policy http://www.uwo.ca/univsec/pdf/academic_policies/general/privacy.pdf

Once the petition and supporting documents have been received and assessed, appropriate academic accommodation shall be determined by the Dean’s Office in consultation with the student’s instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty.

Academic accommodation shall be granted only where the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete his/her academic responsibilities. (Note: it will not be sufficient to provide documentation indicating simply that the student was seen for a medical reason or was ill.)

A form to be completed by off-campus physicians is available at:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Students must follow up with their professors and their Academic Counselling office in a timely manner.

In the case of a final examination in the course, the student must arrange for a Special Examination or Incomplete through their Dean's office, for which you will be required to provide acceptable documentation.

If you feel that you have a medical or personal problem that is interfering with your work, you should contact your instructor and the Faculty Academic Counselling Office as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. In general, retroactive requests for grade revisions on medical or compassionate grounds will not be considered.

8.2 Make Up Examinations

The student must write a make-up exam if the regularly scheduled exam is missed for reasons for which adequate documentation is received by the instructor (this documentation must be supplied by the Academic Counseling office).
8.3 Attendance
It is expected that students will attend all classes. The professor will post partially complete slides on OWL, and if a class is missed students are encouraged to obtain missed lecture notes from a fellow student. Students will not be provided opportunity to make up any course component for non-medical absences. Accommodation for any medical absences on work less than 10% of the grade will require a recommendation for accommodation from the Social Science Academic Counselling office.

9. University Policy on Cheating and Academic Misconduct
Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses. Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating. Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring. A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson, Room 3135 WSSB, (519) 661-3573, ombuds@uwo.ca.

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

10. Procedures For Appealing Academic Evaluations
1. In the first instance, all appeals of a grade must be made to the course instructor (informal consultation).
2. If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Undergraduate Chair: Student Affairs of the Department of Management and Organizational Studies.
3. If the response of the Undergraduate Chair is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken.
4. Only after receiving a final decision from the Dean, may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

11. Student Responsibilities
No late submissions of any course material will be accepted, unless there are extraordinary circumstances (such as illness) that are acceptable to the course instructor. All assignments must be submitted as instructed, and those indicated in the syllabus as requiring submission through Turn-It-In (the Marketing Research Report) must also be submitted electronically via OWL. No other
form of digital (e.g., by email) submissions will be accepted unless pre-arranged or directed by the course instructor.

Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary. As such, students who want to do well in this course are strongly encouraged to attend lectures on a regular basis. If you miss a lecture, you should try to obtain this material from another student. It is also expected that students will remain focused on the activities during the class.

12. Support Services

12.1 Support Services

The Registrar’s office can be accessed for Student Support Services at http://www.registrar.uwo.ca
Student Support Services (including the services provided by the USC listed here) can be reached at: http://westernusc.ca/services/
Student Development Services can be reached at: http://www.sdc.uwo.ca/

Students who are in emotional/mental distress should refer to Mental Health@Western http://www.health.uwo.ca/mental_health/ for a complete list of options about how to obtain help.

13. Other Issues

13.1 Grade Policy

The DAN Department has a grade policy which states that for courses in the 3300-4499 range, the class average must fall between 70% and 77% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Undergraduate Chair or Chair. Class averages are not grounds for appeal.

13.2 Short Absences.

If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

13.3 Extended Absences.

If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

13.4 Academic Concerns.

If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.

13.5 Important Dates:

January 8: Classes resume
January 16: Last day to add a second term half course (B or G)
February 19: Family Day. All offices closed
February 19 – 23: Reading Week (No classes; All offices open Feb 20 – 23)
March 7: Last day to drop a second term half course without penalty
March 30: Good Friday (No classes; All offices closed)
April 11: Classes end
April 12 and 13: Study days
April 14 – 30: Examination Period
April 30: Second term ends. Last day to apply for Spring Graduation.
For The University of Western Ontario Senate Regulations, please see the Handbook of Academic and Scholarship Policy at: http://www.uwo.ca/univsec/academic_policies/index.html
