1.2 Contact Information:
Instructor: Raymond Leduc
Office: SSC 4305
Office Hours: Wednesday 10:00 a.m. to 1:00 p.m. and by appointment
Phone: 661-2111 x84930
Email: rleduc@uwo.ca

DAN Department of Management & Organizational Studies strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities. Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2147 for any specific question regarding an accommodation.
More information about “Accessibility at Western” is available at: http://accessibility.uwo.ca

2. Calendar Description

2.1 Course Description:
Examination of selected topics in Management and Organizational Studies. Topic and course outline available at the beginning of each term.

Extra Information: 3 lecture hours.

Course Weight: 0.50

Antirequisite(s): None

Prerequisite(s): Enrolment in 4th year of BMOS or permission of the instructor.

Senate Regulations

Senate Regulations state, “unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.”
This regulation is in regards to the COURSES required. Students not in BMOS are permitted to enroll in up to 1.0 MOS courses, per the Academic Timetable.

3. Textbook
There is no textbook for this course. There will be a series of articles to read and analyze prior to each class.

4. Course Objectives and Format
The DAN Department of Management and Organizational Studies as a whole draws upon an evidence-based management approach. Evidence-based management is the systematic process of gathering evidence from multiple sources, critically appraising the evidence, and using that evidence in making and evaluating management decisions to improve organizational performance.

4.1 Course objectives
Business analytics is critical for any organization to understand; it can help them to make better decisions by turning large amounts of data into meaningful, actionable information. This course will take the business knowledge students have and combine it with technical and presentations skills that will allow them to make better, more informed management decisions.

Students will have a series of readings that they will complete before each week’s classes. The weekly readings will consist of one or two short articles relating to the material to be discussed each week. In addition there will be weekly assignments designed to have students research, prepare, and present their findings.

4.2 Course format
The approach taken is a combination of readings, case analyses, a group project, and day to day participation.

5. Learning Outcomes
Upon successful completion of the course MOS 4498 students will be able to:

- Define the problem
- Do the analytics
- Tell the story
- Summarize and present their ideas, comments, and insights to the rest of the class through day to day participation

A major aspect of the course involves a group report in which the students’ role will be that of a consultant to a client. The students will:

- Be given a company or industry to research
- Identify issues, problems, risks it faces and how
- Make recommendations supported by their findings
- Prepare a written consulting report at a level suitable for presentation to the management of the company they have selected
- Present your findings in class
6. Evaluation

EVALUATION

Midterm Examination #1 – Monday February 10/20 – 2:00 p.m. to 4:00 p.m. 35%
Group Industry and Company Report, Presentation and Peer Evaluations
due Monday March 30/20 by 6:00 p.m.* 45%
(Note: The written report is worth 35% and the presentation is worth 10%)

Participation** 20%

Group Report*

Students will work in teams of 5 (maybe 1 more or less depending upon the final class size) to analyze a specific company. Using a combination of publicly available industry and company information students will identify risks, trends, and make recommendations for the company built around the business analytics approaches discussed in class. Each group will prepare a written report, maximum 15 pages double spaced, minimum 11 point font, and make a presentation in class.

The project is due by Monday March 30, 2020 by 2:30 p.m. Each group will submit a copy online in the course OWL site under the Assignments link. Each group also needs to present a printed copy of the report before the deadline.

The grade for the report will be a group mark. That is, everyone will receive the same grade unless there are indications from the peer evaluations and/or other feedback that individual members do not deserve the same grade. In such cases, an individual’s grade may be reduced.

The total project grade is 45% - 35% will be for the written report and 10% will be for the presentation.

Note: The peer evaluation is considered a mandatory part of the course requirement and it must be completed by Monday March 30, 2020 by 2:30 p.m. **If the form is not completed by this date then your individual grade on the assignment will be reduced by 5 marks. For example, if the group report grade was 78% then your reduced mark would be 78 – 5 = 73%.

In the peer evaluation summary you will evaluate and rate your own contribution as well as the contributions of each of your teammates. It is a score out of 10. If you give someone else, or yourself, a score of 6 or lower you need to explain, in detail, why that is the case. The evaluations are confidential and I am the only one who will read them.

The results of the peer evaluations will also be used to determine whether or not everyone in the team receives the same final project grade.

6.1 More detailed requirements for the group project and the written assignments are posted on the course website. All assignments, reports, evaluations, etc must be submitted through the Assignments portal on the OWL course site. If either the electronic or printed version of the report is submitted late it is subject to a late penalty of 5 marks per 24 hour period. For example if the report grade was 78% and it was submitted 1 hour late then the reduced mark would be 78 – 5 = 73%. If it was submitted 36 hours late the reduced mark would be 78 – 10 = 68%.

Participation**

Regular participation is a key to the success of this course and as a result, it makes up a large part of the overall grade. Participation can take many forms such as:

- answering the assignment questions
- providing relevant background information based upon personal experiences
- relating current events linked to the material being discussed
• asking relevant questions
• providing clarification of points and issues

While regular attendance is important, it is not considered participation.

Midterm Exam 1 – Monday February 10/20 – 2:00 p.m. to 4:00 p.m. – 35%
Group Report – Due Monday March 30/20 by 6:00 p.m. – 45%
Participation – 20%
Total = 100%

On Sunday February 9, 2020 at 12:00 noon I will post the Excel exam file on the OWL course site. You can work on the file, either by yourself or with any of your classmates, up until class on Monday February 10/20 at 2:30 p.m. Once you are in class I will give you the specific exam question and you can continue to work on the file in class. At the end of class you need to upload your completed work to the Assignment link on the OWL course site.

This is an open book exam and you can use the internet if necessary.

Students are responsible for material covered in the lectures as well as the material and topics in the readings. The exam will be held during class time on Monday February 10/20.

Students are REQUIRED TO COMPLETE ALL COMPONENTS of this course. There are no exceptions to this. Extra assignments to improve grades will NOT be allowed.

Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: You are responsible for your grades in this course.

The DAN Department has a grade policy which states that for courses in the 4000-4999 range, the class average must fall between 72% and 77% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Undergraduate Chair or Chair. Class averages are not grounds for appeal.

7. Lecture and Examination Schedule
See Schedule on OWL.

8. Student Responsibilities
For Students should familiarize themselves with Western University Senate Regulations, please see: http://www.uwo.ca/univsec/academic_policies/index.html.

Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary and not redundant. As such, students who want to do well in this course are strongly encouraged to attend lectures on a regular basis. Please note that the instructor will not be providing copies of lectures notes or overheads. Therefore, if you miss a lecture, you should try to obtain this material from another student.

8.1 Respect
Please act respectfully towards the classroom, the Professor and your fellow students. Acting respectfully means arriving on time, turning off phones, avoiding private discussions during lectures, refraining from viewing non-course material on your laptops, and cleaning up after yourself. Acting respectfully provides a better learning experience for everyone.
Private in-class discussions are distracting to students and the Professor. If other students are distracting your attention from the material, you should ask them to be quiet. If you feel uncomfortable doing this (or the problem persists), please see the instructor.

Late arrivals are also distracting. Please try to arrive on time for classes.

8.2 No Recording of Classes
Students are not permitted to record any portion of a class, audio or video, without the prior written permission of the professor.

8.3 Copyright Notice
Lectures and course materials, including power point presentations, outlines, and similar materials, are protected by copyright. You may take notes and make copies of course materials for your own educational use. You may **not** record lectures, reproduce (or allow others to reproduce), post or distribute lecture notes, wiki material, and other course materials publicly and/or for commercial purposes without my written consent.

9. Exam Policies
- Bring student identification to exams.
- Nothing is to be on/at one's desk during an exam except a pencil, an eraser, and the individual's student card.
- Do not wear baseball caps to exams.
- Do not bring music players, cell phones, or other electronic devices to exams.
- To ensure fairness to all students, questions will not be answered during exams.

10. E-mail Policies
The following policies apply to all emails between students and the Professor. Please respect the fact that the Professor receives hundreds of emails from students and must deal with those emails in a fair and organized manner. Unacceptable emails will receive a reply saying only “Please see Email Policies on the course outline”.

10.1 UWO.CA Email Addresses Only
For privacy reasons, students must use their Western email accounts to contact the Professor. The Professor will not respond to emails from non-uwo.ca addresses (e.g. hotmail.com, gmail.com, etc.).

10.2 Subject Line Must Include Course and Section Number
The subject line of emails must contain the name or number of the course, and the section number in which the student is enrolled. The Professor teaches different courses and sections and cannot properly respond to questions if he does not know which course or section you are enrolled in.

10.3 Acceptable Emails
- questions about the course content or materials
- asking to set up an appointment to ask questions or review an exam
- notification of illness or other special circumstances
- providing constructive comments or feedback about the course

10.4 Unacceptable Emails
- questions that may be answered on OWL or on this course outline
- asking when grades will be posted
- asking what grade a student received
• asking where or when an exam is scheduled or the material covered on an exam
• requests for grade increases, extra assignments, or reweighting of course components

11. Attendance
It is expected that students will attend all classes. The professor does not provide access to lecture notes. Students are encouraged to obtain missed lecture notes from a fellow student.

If you are not able to attend your regular class, you can attend any of the other classes that week. Your participation in that class will still be recorded even if you go to a different instructor’s class.

11.1 Short Absences.
If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from a classmate.

11.2 Extended Absences.
If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

12. Grade Fairness
Fairness requires that all students be treated equally and be evaluated using the criteria set out in this course outline. The evaluation criteria are based on actual achievement and not on how hard a student has tried.

Claims by students of an excellent academic history, good attendance record, need to obtain or maintain a scholarship, desire to be admitted to Ivey or graduate school, or other personal issues, cannot be used to justify a higher grade in the course or a reweighting of course components. There is no extra work or assignments available for extra credit or to “make up” for a course component that was missed or performed poorly.

13. Posting of Grades
Midterm exam grades will be posted on OWL once the grades are available. Final exam grades and final course grades are not posted on OWL and are available once they have been posted by the Registrar under “Academic Summary” at the Student Centre website.

14. University Policy Regarding Illness
14.1 Illness
For details on University Policy and student responsibilities go to:
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/Academic_Consideration_for_absences.pdf

Students who experience an extenuating circumstance (illness, injury, or other extenuating circumstance) sufficiently significant to temporarily render them unable to meet academic requirements may submit a request for academic consideration through the following routes:

i. Submitting a Self-Reported Absence form provided that the conditions for submission are met (maximum of 2 from September to April, valid for 48 hours or less, on course work worth less than or equal to 30%); or

ii. For medical absences, submitting a Student Medical Certificate (SMC):
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf
signed by a licensed medical or mental health practitioner in order to be eligible for
Academic Consideration; or

iii. For non-medical absences, submitting appropriate documentation (e.g., obituary, police
report, accident report, court order, etc.) to Academic Counselling in order to be eligible for
academic consideration. Students are encouraged to contact their Academic Counselling
unit to clarify what documentation is appropriate.

Students seeking academic consideration:

• are advised to consider carefully the implications of postponing tests or midterm exams
or delaying handing in work;

• are encouraged to make appropriate decisions based on their specific circumstances,
recognizing that minor ailments (upset stomach) or upsets (argument with a friend) are not
an appropriate basis for a self-reported absence;

• must communicate with their instructors no later than 24 hours after the end of the
period covered by either the self-reported absence or SMC, or immediately upon their
return following a documented absence.

14.2 Make Up Examinations
The student must write a make-up exam if the regularly scheduled exam is missed for reasons for
which adequate documentation is received by the instructor (this documentation must be supplied
by the Academic Counseling office).

The date and time of the make-up examination will be set by the instructor, who will communicate
the date to the student.

If a student is unable to meet the scheduled make-up as agreed, then the student is responsible for
obtaining new accommodations from Academic Counselling, and seeking a new make-up date with
the instructor within a reasonable time frame.

15. University Policy on Cheating and Academic Misconduct
Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and
other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic
Calendar. Note that such offenses include plagiarism, cheating on an examination, submitting false or
fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course
without the knowledge and approval of the instructor to whom it is submitted, any academic work for
which credit has previously been obtained or is being sought in another course in the University or
elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor.
A claim that "you didn't know it was wrong" will not be accepted as an excuse.

A copy of guidelines about how to avoid cheating can be obtained from the office of the Ombudsperson,
Room 3135 WSSB, (519) 661-3573, ombuds@uwo.ca.

Cheating on exams will not be tolerated; students are referred to the university policy on scholastic
offenses. Looking at the test of another student, allowing another student to view your exam, or obtaining
information about a test in advance are all examples of cheating.

Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed
to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to
move to another seat during the exam, cover their paper, avert their eyes from other students' papers,
remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating,
rather as vigilant attempts at proctoring.
The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

16. Procedures For Appealing Academic Evaluations
1. In the first instance, all appeals of a grade must be made to the course instructor (informal consultation).
2. If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Undergraduate Chair: Student Affairs of the Department of Management and Organizational Studies.
3. If the response of the Undergraduate Chair is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken.
4. Only after receiving a final decision from the Dean may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Ombudsperson's Office.

17. Support Services
17.1 Support Services
The Registrar’s office can be accessed for Student Support Services at http://www.registrar.uwo.ca
Student Support Services (including the services provided by the USC listed here) can be reached at: http://westernusc.ca/services/
Student Development Services can be reached at: http://www.sdc.uwo.ca/
Students who are in emotional/mental distress should refer to Mental Health@Western http://www.health.uwo.ca/mental_health/ for a complete list of options about how to obtain help.

17.2 Academic Concerns.
If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.
