1. Course Information:

1.1 Class Location and Time: This is a blended course. It has asynchronous recorded lectures, and it has in-class sessions which will be held at the following times:

Section 200: Wednesdays – 9:30 am to 11:30 am – SSC 3010
Section 201: Wednesdays – 11:30 am to 1:30 pm – SSC 3010
Section 202: Wednesdays – 2:30 pm to 4:30 pm – SSC 3010

Before Wednesdays: Listen to the recorded lectures before Wednesday’s class. It is recommended that you set aside a specific time each week that works well with your own schedule.

Wednesdays: In-person classes will be used to apply the material from the recorded lectures by working through problems together.

After Wednesdays: Continue to practice problems, and submit assigned Self-Study Problems according to the Weekly Schedule.

1.2 Course Description:

An overview of the Income Tax Act (Canada) and its effect on taxation for individuals. Covers different sources of personal income, deductions and credits that are allowed under the Act. Also includes coverage of the Goods and Services Tax (GST/HST).

Antirequisite(s) at Main campus: Business Administration 4479A/B.

Prerequisite(s): MOS 3360A/B and enrolment in 3rd or 4th year of BMOS.

Extra Information: 4 lecture hours
Course Weight: 0.50

1.3 Accessibility:

DAN Department of Management & Organizational Studies strives at all times to provide accessibility to all faculty, staff, students and visitors in a way that respects the dignity and independence of people with disabilities. Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2147 for any specific question regarding an accommodation.

More information about “Accessibility at Western” is available at: http://accessibility.uwo.ca
1.4 Land Acknowledgement:
We acknowledge that Western University is located on the traditional lands of the Anishinaabek, Haudenosaunee, Lūnaapéewak and Attawandaron peoples, on lands connected with the London Township and Sombra Treaties of 1796 and the Dish with One Spoon Covenant Wampum.

With this, we respect the longstanding relationships that Indigenous Nations have to this land, as they are the original caretakers. We acknowledge historical and ongoing injustices that Indigenous Peoples (e.g. First Nations, Métis and Inuit) endure in Canada, and we accept responsibility as a public institution to contribute toward revealing and correcting miseducation as well as renewing respectful relationships with Indigenous communities through our teaching, research and community service.

https://indigenous.uwo.ca/initiatives/docs/indigenous-land-acknowledgment.pdf

1.5 Senate Regulations
Senate Regulations state, “unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.”

This regulation is in regard to the COURSES required.

Students not in BMOS are permitted to enroll in up to 1.0 MOS courses, per the Academic Timetable.

2. Course Materials

YOU MUST HAVE THE 2022-2023 EDITION. If you are interested in the hard copy version, it should be available starting the second week of September. In the meantime, you can get complimentary access to the e-text while you are waiting. [See instructions in OWL – under MyLab tab.]

This text comes with 3 books: Volume I, Volume II, and a Study Guide. You may purchase either a hard copy bundle of the books or the e-text. MyLab is not required, however it does have many helpful resources that may assist with the study of taxation in Canada.

PLEASE NOTE: You will use the same set of books for MOS 4462 if taken in the winter term of 2023. In MOS 3362 you will use all of Volume 1 and part of Volume 2, along with the Study Guide. In MOS 4462 you will finish Volume 2, and continue to use the Study Guide.

You will also use the Income Tax Act, which is available through the course OWL site or https://edu-knotia-ca.proxy1.lib.uwo.ca/

3. Course Objectives and Format
The DAN Department of Management and Organizational Studies as a whole draws upon an evidence-based management approach. Evidence-based management is the systematic process of gathering evidence from multiple sources, critically appraising the evidence, and using that evidence in making and evaluating management decisions to improve organizational performance.

3.1 Course objectives
The objective of this course is for students to gain an understanding of the underlying principles of Canadian federal income tax for individuals and the federal goods and services tax (GST/HST). Regardless of career objectives, all students will have to deal with taxation in their lives. The task of this course is to ensure a thorough understanding of specific areas of the Canadian Income Tax Act so that relevant information is considered in personal tax planning and in making business decisions. Students will become competent in analyzing, interpreting, and applying Canadian income tax laws and regulations. Students will also become competent in analyzing, interpreting, and applying GST/HST laws and regulations.
This course is approved by CPA Ontario to meet the prerequisite course requirement for admission into the CPA Professional Education Program (PEP). It covers the Tax Competencies required by CPA. You will be expected to know and to be able to apply the material from this course if you pursue post-graduate CPA studies, including Western’s G-Dip program.

Students should also focus on developing the CPA Enabling Competencies:

1. Acting Ethically and Demonstrating Professional Values
2. Leading
3. Collaborating
4. Managing Self
5. Adding Value
6. Solving Problems and Making Decisions
7. Communicating

### 3.2 Course format

This is a blended course. It is part asynchronous and part synchronous. The course calendar classifies it as a 4-hour-per-week course.

The technical course concepts will be covered through the use of recorded video lectures that will be posted on OWL each week. This allows students to learn in the comfort of their own environment, and at times that work best for them. It also allows students to listen again as often as needed in order to learn course concepts. Recorded lectures will be 1 to 2 hours per week in total. **RECORDED LECTURES MUST BE WATCHED BEFORE COMING TO CLASS ON WEDNESDAYS.**

Wednesday in-class sessions will be 2 hours (well, 1.45 hours so that it finishes on time for everyone to get to their next class). During class, we will work on problems together and will apply concepts that were taught in the recorded lectures. This is not a class for sitting back and watching. You are expected to be actively working on problems during this class. That is the best way to learn.

All course material, including recorded lectures, are the personal intellectual property of the instructor and are not to be copied in any manner whatsoever. They have been created solely for the use of students in MOS 3362 at Western University in the fall term of 2022. Sharing with anyone (including, but not limited to, tutors and other websites) is an academic offense.

This course has a NO PHOTOS / NO RECORDING policy. Students are not permitted to take pictures, screenshots, or videos of recorded lectures or of work done during in-person classes. You are expected to make your own notes. Official solutions to the assigned problems will be made available on OWL at the end of each week.

**How to Succeed:**

1. Watch the recorded lecture(s) for the week.
2. Complete the chapter Exercises, following examples in the textbook as needed.
3. Come to class on Wednesdays prepared to work on Assignment Problems together.
4. After class, complete as many Self-Study Problems and additional Assignment Problems as you can. No two tax questions are alike. You will learn most, and remember best, by doing problems.
5. Submit the weekly Self-Study Hand-In Problem before 9:00 a.m. on Monday mornings. [even better, by 11:59 pm on Sundays – just to be on the safe side.]

**Contingency plan for an in-person class pivoting to 100% online learning**

In the event of a COVID-19 resurgence during the course that necessitates the course delivery moving away from face-to-face interaction, affected course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on OWL for students to view at their convenience). The grading scheme will **not** change. Any remaining assessments will also be conducted online as determined by the course instructor.
4. Learning Outcomes
This is a difficult course for many students. Part of the difficulty is that the material is new for many students, and it can be quite technical. Yet tax is also one of the most pervasive skills for an accountant to understand, and there are excellent career opportunities for those who decide to pursue tax in their professional life. There are a lot of interesting topics in tax, many of which can be applied to student’s own lives as well as their families and friends.

By taking this course, students will:
- Develop an understanding of the objectives and the structure of the Canadian tax system as it relates to determination of income tax for an individual and for the GST/HST.
- Apply the procedures and administrative requirements imposed by the Canadian Income Tax Act.
- Use provided information to recognize the four different types of income as well as other income and expenses and apply the relevant rules to determine net and taxable income for an individual.
- Identify situations in which a described transaction may be subject to special rules and apply the relevant rules to determine net and taxable income for an individual.
- Integrate provided information about the tax situation of an individual or family group to provide tax planning suggestions and calculate taxes payable.
- Apply the GST/HST regulations to determine the administrative requirements for a registrant and calculate tax owing.
- Analyze data from multiple sources in preparing income tax calculations.

5. Evaluation
Data Analytics Problems – Due Oct 14 (5%) and Dec 2 (5%) = 10%
Weekly Self-Study Hand-In Problems = 10%
Midterm 1 – Friday, October 7, 3:00 pm = 20%
Midterm 2 – Friday, November 11, 3:00 pm = 20%
Cumulative Final Exam – date to be determined by registrar = 40%

Students are REQUIRED TO COMPLETE ALL COMPONENTS of this course and MUST PASS THE FINAL EXAM in order to pass this course. There are no exceptions to this. Extra assignments to improve grades will NOT be permitted. Tests will not be reweighted. Students that do not pass the final exam will receive a grade of 45% for this course.

Grades will not be adjusted on the basis of need. It is important to monitor your performance in the course. Remember: You are responsible for your grades in this course.

The DAN Department has a grade policy which states that for courses in the 3000-4000 range, the class average must fall between 70% and 77% for all sections of a course taught by the same instructor. In very exceptional circumstances only, class averages outside this range may be approved by the Undergraduate Chair or Chair. Class averages are not grounds for appeal.

Data Analytics Problems – 10% of grade:
- Data Analytics Problem 1 – Due Friday, October 7 at 9:00 a.m. – 5%
- Data Analytics Problem 2 – Due Friday, December 2 at 9:00 a.m. – 5%

The first problem requires the use of Power BI. The second assignment requires the use of Excel.

These assignments are included in this course to help fulfil the CPA requirement for students to understand the role of data analytics in tax. CPA also requires the use of Power BI. For student’s using a Mac computer, you may need to use a work-around, or use the computer lab on campus. Assignments that are submitted late for any reason will have a grade reduction of 20% per day that the assignment is late.
Weekly Hand-In Problems – 10% of grade: Self-Study Hand-In Problems are due for 10 weeks of the course. Your lowest grade will be dropped, which allows you to miss any one week should you need to. Otherwise, there will be no make-up or late hand-ins accepted. DO NOT WAIT for the last minute to upload. Issues with OWL, or with technology in any manner whatsoever, will not be accepted as a reason to submit late. The deadline is 9:00 am on Mondays. Treat it as if it is 11:59 pm on Sundays to ensure that you have plenty of margin for anything that might go wrong at the last minute.

Self-Study problems are found on the course OWL site under the Self-Study Problems tab. Assigned problems can be found on the course weekly schedule. Problems are to be completed BY HAND and uploaded through the Assignment Tab on OWL.

These problems may not be copied or typed. Students are expected to complete problems without looking at the solution, and then compare their answer to the solution in the Study Guide. The copy that is uploaded to OWL must be a copy that shows the student’s original work and corrections that were made. It is recommended that you mark corrections with a different colour pen. Your name and student number must also be added to the top of the first page. Hand-ins will be graded as follows:

0 – not done, or simply copied from the Study Guide and not done independently, the wrong problem was done, or the problem was not completed before the deadline. No problems will be accepted after the deadline
1 – partially completed or overly brief, lack of details that would indicate independent completion
2 – fully completed in good format, showing calculations and any corrections that were required – or an explanation if none were needed.

Tests: Tests for this course may include a blend of multiple-choice, tax schedules, and short-answer questions. Students are responsible for all assigned sections of the textbook as well as any other assigned readings and course materials. Please check the Weekly Schedule for the assigned pages.

- **Mid-Term 1: Chapters 1, 2, and 21 and Data Analytics – 20% of grade:** Students that miss this test must have approval from academic counselling. If approved, additional questions, time, and weight will be added to the second mid-term test. In this case, the second mid-term MUST BE written at the regularly schedule time, since it includes the make-up.

- **Mid-Term 2: Chapters 3, 4, 5, 6 – 20% of grade:** Students that miss this test will require approval from academic counselling to write a make-up test.

- **Cumulative Final Exam: Chapters 3 through 11 – 40% of grade:** Students that miss this test will require approval from academic counselling to write a make-up test.

- **Make-Up Tests:** The date and time for make-up tests will be set by the professor AFTER the regularly schedule test has been completed. The date and time are not negotiable. Make-up tests will cover the same chapters as the original test, but may not use the same format or the same number of questions.

Students that miss both the regularly scheduled test and the make-up test will require additional approval from academic counselling. With approval the student may be offered the opportunity to write the missed test the next time the course is offered – which is in the winter term of 2023. Please be aware of any implications of this for your course progression, as this course is a prerequisite for MOS 4462. Writing next term may also reduce the number of courses you are permitted to take during the winter term.
6. **Lecture and Examination Schedule:** See Weekly Schedule that is posted on OWL.

   Student Responsibilities: Students should familiarize themselves with Western University Senate Regulations, please see: [http://www.uwo.ca/univsec/academic_policies/index.html](http://www.uwo.ca/univsec/academic_policies/index.html).

   Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary and not redundant. As such, students who want to do well in this course are **strongly encouraged** to attend lectures on a regular basis. If you miss a lecture, please arrange with another student to obtain any material that may have been missed.

7. **Student Responsibilities:**

   Students should familiarize themselves with Western University Senate Regulations, please see: [http://www.uwo.ca/univsec/academic_policies/index.html](http://www.uwo.ca/univsec/academic_policies/index.html).

   Material covered in lectures will not always be the same as material covered in the textbook. These two sources should be viewed as complimentary and not redundant. As such, students who want to do well in this course are **strongly encouraged** to attend lectures on a regular basis. Please note that the instructor will not be providing copies of lectures notes or overheads. Therefore, if you miss a lecture, you should try to obtain this material from another student.

7.1 **Respect**

   Please act respectfully towards the classroom, the Professor, and other students. Acting respectfully means arriving on time, turning off phones, avoiding private discussions during lectures, refraining from viewing non-course material on your laptops, and cleaning up after yourself. Acting respectfully provides a better learning experience for everyone.

   Private in-class discussions are distracting to students and the Professor. If other students are distracting your attention from the material, you should ask them to be quiet. If you feel uncomfortable doing this (or the problem persists), please see the Professor.

   Be aware that what is on your computer screen can be seen by others and should ONLY be course material. Please do not flip between various other sites during class.

   Late arrivals are distracting. Please plan to arrive on time for classes.

   If you bring something into the classroom, please take it out with you. Do not leave anything on your desk at the end of class.

7.2 **No Recording of Classes**

   Students are **not** permitted to record any portion of a class, audio or video. Pictures may **not** be taken of work being done in class. Solutions will be posted online after classes are finished for the week.

7.3 **Copyright Notice**

   Lectures and all other course materials, including power point presentations, outlines, and similar materials, are protected by copyright. You are expected to take your own notes for your own educational use. You may **not** record lectures, reproduce (or allow others to reproduce), post or distribute lecture notes, wiki material, and other course materials publicly and/or for commercial purposes. This includes, but is not limited to, sharing course materials with tutors.

8. **Exam Policies**

   See section on evaluations for further details about exams.

   All exams are in-person on campus at Western University, unless the University makes a decision that all exams must be on line. In that event, all tests will use ProctorTrack
   - All exams are closed book.
   - No electronic devices may be on your person during exams. This includes tablets, cell phones, smart watches, pagers, and programmable calculators.
• Only non-programmable calculators may be used for exams. Calculators must be taken out of their sleeves, and sleeves must be kept away from the desk area.
• Dictionaries are not permitted for exams.
• Bring student identification to exams.
• Nothing is to be on/at one’s desk during an exam except a pencil/pen, an eraser, and the individual’s student card.
• No hats or hoodies of any kind may be worn during exams.

9. E-mail Policies
The following policies apply to all emails between students and the Professor. Please respect the fact that the Professor receives hundreds of emails from students and must deal with those emails in a fair and organized manner. Unacceptable emails will receive a reply saying only “Please see Email Policies on the course outline”.

9.1 UWO.CA Email Addresses Only
For privacy reasons, students must use their Western email accounts to contact the Professor. The Professor will not respond to emails from non-uwo.ca addresses (e.g. hotmail.com, gmail.com, etc.).

9.2 Subject Line Must Include Course and Section Number
The subject line of emails must contain the name or number of the course, and the section number in which the student is enrolled. The Professor teaches different courses and sections and cannot properly respond to questions if he does not know which course or section you are enrolled in.

9.3 Acceptable Emails
• questions about the course content or materials
• asking to set up an appointment to ask questions or review an exam
• notification of illness or other special circumstances
• providing constructive comments or feedback about the course

9.4 Unacceptable Emails
• questions that may be answered on OWL or on this course outline
• asking when grades will be posted
• asking what grade a student received
• asking where or when an exam is scheduled or the material covered on an exam
• requests for grade increases, extra assignments, or reweighting of course components

10. Attendance
It is expected that students will attend all classes.

10.1 Short Absences.
If you miss a class due to minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or exam. Cover any readings and arrange to borrow the missed lectures notes from another student.

10.2 Extended Absences.
If you are absent more than approximately two weeks or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. The Academic Counsellors can help you to consider the alternatives. At your request, they can also keep your instructors informed about your difficulties.

11. Grade Fairness
Fairness requires that all students be treated equally and be evaluated using the criteria set out in this course outline. The evaluation criteria are based on actual achievement and not on how hard a student has tried.
Claims by students of an excellent academic history, good attendance record, need to obtain or maintain a scholarship, desire to be admitted to Ivey or graduate school, or other personal issues, cannot be used to justify a higher grade in the course or a reweighting of course components. There is no extra work or assignments available for extra credit or to “make up” for a course component that was missed or performed poorly.

12. Posting of Grades
Midterm exam grades will be posted on OWL once the grades are available. Final exam grades and final course grades are not posted on OWL and are available once they have been posted by the Registrar under “Academic Summary” at the Student Centre website.

13. University Policy Regarding Illness
13.1 Illness
Students will need to provide a Student Medical Certificate if the absence is medical or provide appropriate documentation if there are compassionate grounds for the absence in question. Students are encouraged to contact their Faculty Academic Counselling office to obtain more information about the relevant documentation.

For privacy reasons, students should also note that individual instructors should not receive documentation directly from a student, whether in support of an application for consideration on medical grounds, or for other reasons. All documentation required for absences must be submitted to the Academic Counselling office of a student’s Home Faculty.

For details on the Policy on Accommodation for Medical Illness, go to:
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf

Students can download the Student Medical Certificate (SMC) here:
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

13.2 Accessible Education
Students with disabilities work with Accessible Education (formerly SSD) which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here:
https://www.uwo.ca/univsec/pdf/academic_policies/appeals/AcademicAccommodation_disabilities.pdf

Students needing access to Accessible Education should register here:
http://academicsupport.uwo.ca/accessible_education/index.html

13.3 Religious Accommodation
Students should consult the University's list of recognized religious holidays, and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the Western Multicultural Calendar.

13.4 Make Up Examinations
See also Section 5 of this course outline

The student must write a make-up exam if a regularly scheduled exam is missed for reasons that are approved by Academic Counselling.

The date and time of the make-up exam will be set by the instructor after the regular test has been written. This will be communicated to the student. The date and time are not negotiable.
If a scheduled make-up exam is missed, it is the student's responsibility to obtain additional accommodation from Academic Counselling. The student will receive an SPC or INC for their final course grade and may be granted to the missed test the next time the course is offered. Please be aware that this may mean that the student cannot move on to take MOS 4462, and the student may be required to take a reduced course load in the term when the make-up is written.

14. University Policy on Cheating and Academic Misconduct

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following Web site: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offenses. Students are urged to read the section on Scholastic Offenses in the Academic Calendar.

Note that such offenses include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, submitting assignments for which outside help has been used, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. If you are in doubt about whether what you are doing is inappropriate, consult your instructor. A claim that "you didn't know it was wrong" will not be accepted as an excuse.

A copy of guidelines about how to avoid cheating can be obtained from the Office of the Ombudsperson, Room 3135 WSSB, (519) 661-3573, ombuds@uwo.ca.

Cheating on exams will not be tolerated; students are referred to the university policy on scholastic offenses. Looking at the test of another student, allowing another student to view your exam, or obtaining information about a test in advance are all examples of cheating.

Students found cheating will receive a zero (0%) on that exam. A number of safeguards will be employed to discourage cheating. For example, examination supervisors (proctors) of the tests may ask students to move to another seat during the exam, cover their paper, avert their eyes from other students' papers, remove baseball caps, etc. This is not meant as a personal affront nor as an accusation of cheating, rather as vigilant attempts at proctoring.

The penalties for a student guilty of a scholastic offense include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

15. Procedures For Appealing Academic Evaluations

1. In the first instance, all appeals of a grade must be made to the course instructor (informal consultation).
2. If the student is not satisfied with the decision of the course instructor, a written appeal must be sent to the Undergraduate Chair: Student Affairs of the DAN Department of Management and Organizational Studies.
3. If the response of the Undergraduate Chair is considered unsatisfactory to the student, he/she may then appeal to the Dean of the Faculty in which the course of program was taken.
4. Only after receiving a final decision from the Dean may a student appeal to the Senate Review Board Academic. A Guide to Appeals is available from the Office of the Ombudsperson.

16. Support Services

16.1 Support Services

The Registrar’s office provides you with information on services, courses, student finances, resources, latest news, as well as Student Central’s hours of operation at http://www.registrar.uwo.ca
Student Support Services *(including the services provided by the USC listed here)* can be reached at: http://westernusc.ca/services/

Academic Support & Engagement can be reached at:  http://academicsupport.uwo.ca

Students who are in emotional/mental distress should refer to Health and Wellness: http://www.uwo.ca/uwocom/mentalhealth/ for a complete list of options about how to obtain help.

### 16.2 Academic Concerns.

If you are in academic difficulty, it is strongly recommended that you see your academic counsellor.
